

Joola Champ

Item. No. 53130

Joola Champ Table Tennis Racket

Using ITTF-approved rubber, called 'Compass', this smooth pips-in rubber over sponge will guide the ball to victory! In addition, the Champ's hitting surface offers superior spin and speed, making it a great all-around racket, while its longitudinal cross-milled, flared-shaped handle uses ERGO grip technology. The Champ boasts a five-ply blade made from selected plywood and with deadly spins and blazing speeds, you're now well-armed with the new Feeling System technology!
